

## Sending Mixes Over The Internet For Mastering

1. If available, always send **.wav files** or **.aiff files** for mastering. Try not to ever use mp3 or mp4 files. If nothing else but mp3 or mp4 files are available, we can work from them. We can handle any sample rate you send (16/44.1, 24/48, 24/88, 24/96).
2. We recommend only sending **2 track, stereo mixes** to master from. We do not master from stems/separate tracks. Make sure the mixes have not been run through any “normalizers”, “finalizers”, or overall/full track compressors. If we are given a mix that is already “slammed” or “maxed out”, then we won’t have any head room to do our mastering. **We recommend the mix peak at approximately -6db.**
3. Since .wav files and .aiff files are too large to attach to an email, you can use a free file share program to send us your mixes. Some of the sites we recommend are [www.wetransfer.com](http://www.wetransfer.com), [www.sendspace.com](http://www.sendspace.com), [www.yousendit.com](http://www.yousendit.com), [www.dropbox.com](http://www.dropbox.com).
4. If you have more than 1 mix, put them all together in 1 **.zip file**. Then, using one of the sites above, upload your .zip file and email it to [Kevin@LNixMastering.com](mailto:Kevin@LNixMastering.com). If you only have 1 mix, you can just upload it directly without a .zip folder.
5. Be sure to also send an email to the address above with the following information:  
**Song title(s), Artist name(s), your contact information and what email address to send the invoice to.**
6. Once your mix(es) and information are received, you will be sent an invoice. This will either be a PayPal invoice (sent to you directly from PayPal) or the credit card link on our website. If you receive your invoice from PayPal, you will be able to make your payment with a PayPal account or any credit/debit card.
7. Our prices are **\$60 per song**. If you have more than 1 version of the same song, the main version will be \$60 and all alternate versions will be \$30 each.
8. All PayPal/credit card payments will have a 3% convenience fee included.
9. Once the song(s) is/are mastered, you will receive the mastered version back through one of the fileshare sites listed above. If you want hard copy discs sent to you instead, there will be a shipping/packaging fee added to your invoice.

If you have any problems or questions, feel free to contact us. We look forward to working with you!
